Marion was born in Riverside County in 1935. He has long shown his deep commitment to the people of Riverside County. Along with his family, including his wife Mary, of more than 52 years, his six grandchildren, 19 grandchildren, and 3 great grandchildren, Ashley has worked for decades to improve the lives of his fellow citizens. As a County Supervisor he oversees a budget of \$4.5 billion and sets public policy for over two million people, in what is one of the fastest growing areas in the nation. Ashley has also worked tirelessly to bring to fruition the nationally acclaimed Riverside County Integrated Project, which includes billions of dollars for new road construction and conservation of important habitat lands for endangered species.

As a lifelong resident of San Bernardino County, Supervisor Gonzales has been promoting cooperative efforts and building relationships on federal, state and local levels. Supervisor Gonzales strongly believes that when we work together, we can accomplish great things. It is her goal, as County Supervisor, to help provide the citizens with a better quality of life by helping to create local jobs, providing clean drinking water, improving air quality, and developing smart growth communities that offer safe neighborhoods where 5th District residents

want to live, work and stay. Her priorities rest in three areas: public safety, health and economic development.
